

Home Intercom

Use your phone to talk with someone in another part of the house, garage, workshop, or barn — wherever there's an extension.

To use:

1. Lift the handset and listen for dial tone.
2. Dial your own phone number. You'll hear a confirmation tone or a recorded message indicating that you've dialed your own number.
3. Hang up.
4. Listen for the phone to ring. The phone will stop ringing when someone picks up the extension.
5. Lift the handset and you'll be connected.

Note: Call Waiting and Call Forward Busy will not function when using Home Intercom. Home Intercom does not work with Voice Mail.

Hot Line

Allows a customer to establish a switched connection to a pre-determined number when the customer's telephone goes off-hook. No dialing is required and the call is processed immediately to the pre-determined telephone number, automatically.

To use:

1. Lift the handset.
2. The pre-designated number is immediately dialed.

*Note: The pre-designated number is chosen by you at the time you select Hot Line. To change the pre-designated number, you must contact our Customer Service Department at **1-800-636-6680***

Nemont participated in the Highway 2 ribbon cutting in 2008.
