

Selective Distinctive Ring – *61

When you make a list of special callers, your phone uses a special ring to announce calls from any of those numbers. If you also have Call Waiting, you'll hear a special Call Waiting tone.

How to use:

1. Lift the handset and listen for the dial tone.
2. Press *61. (On a rotary phone, dial 1161).
3. Listen for an announcement telling you whether the feature is currently on or off. The recorded voice will then tell you how many (if any) numbers are currently stored in your list.
4. Follow the voice instructions and dial 3 to turn the feature ON (if it is currently off), or turn the feature OFF (if it is currently on).

To add the last caller to your list:

1. Press #01#. (On a rotary phone, dial 1201).

To hear the phone numbers on your list:

1. Dial 1.
2. After the list is read, voice instructions will follow.

To add a number to your list:

1. Press #. (On a rotary phone, dial 12).
2. Follow the voice instructions you'll hear. You can store up to 15 phone numbers on your VIP list.

To remove a number from your list:

1. Press *. (On a rotary phone, dial 11).
2. Follow the voice instructions to remove any or all of those numbers.

To hear instructions again:

1. Dial 0.

*Notes: You may press 1, 0, #, or * at any time rather than waiting for the voice instructions.*

The list you create here is separate from any other lists you may be using for Call Acceptance, Call Forward Select and similar services.

Smart Line

Smart Line allows you a specific amount of time to dial a number, after the receiver is off-hook, before it automatically dials a predesignated number. This allows you to use the telephone normally but to ring a designated number simply by staying off-hook.

To use:

1. Lift the handset and wait 30 seconds.
2. After 30 seconds, the predesignated number is automatically dialed.

To prevent automatic dialing:

1. Lift the handset and dial the number you wish to call before 30 seconds have elapsed.

Note: The predesignated number is chosen by you at the time you select Smart Line. To change the predesignated number, you must contact our Customer Service Department at 783-2200 or 1-800-636-6680.
