

Skyline Cellular

**Discover
The Nemont
Cellular
Advantage**

For Your Information

- This plan is designed to meet the needs of Lifeline and Enhanced Lifeline participants. Lifeline and Enhanced Lifeline discounts are only available to customers living within the Nemont local service area.
- Subscribers who do not seek credit approval will have mandatory long distance and roaming blocks. Calls to toll-free numbers are allowed. 911 calling is available anytime that an adequate cellular signal is present.
- Call forwarding will be allowed to local phone numbers within the Nemont service area.
- Billing and end user address must be within the Nemont service area.
- Roaming is when you make or receive calls on another cellular company's network. Some calling features may be unavailable while you are roaming. The roam indicator on your phone will alert you when roaming. You will be unable to send or receive calls if you have a roaming block.
- Roaming minutes may be billed on a later statement from the time the usage was incurred.
- Services are billed in advance and therefore you may be billed a prorated portion of your monthly access charge, in addition to one full month of service, on your first bill. Your first bill may include an activation fee.
- Service is unavailable when your cellular phone is out of range of one of our sites or a site of another carrier with whom Nemont has a roaming agreement. There are areas with no cellular service. Weather, topography, buildings, your cellular phone, network traffic, and other conditions out of our control may cause dropped calls or other problems.
- Customer service can be reached by dialing *611 while in the Nemont network.
